Warszawa, 5 March 2010

PGE Polska Grupa Energetyczna S.A.
ul. Mysia 2
00-496 Warszawa

In reference to the current report no. 13/2010 from 2 March 2010, we would like to inform that at the next General Shareholders' Meeting planned for 30 March 2010, shareholder Aviva OFE shall nominate Mr. Grzegorz Krystek for the position of Member of the Company's Supervisory Board.

Sincere regards,

[Stamp: Marcin Żółtek, Member of the Management Board, Investment Director, Aviva, Powszechne Towarzystwo Emerytalne, Aviva BZ WBK SA; illegible signature]

[Stamp: Aviva Powszechne Towarzystwo Emerytalne (partially illegible), Aviva BZ WBK S.A., ul. Prosta 70, 00-838 Warszawa]

Grzegorz Krystek

Since 2004, Mr. Krystek has been vice-president of the management board of Hasbrouck Sp. z o.o. He conducts independent business activity under the name of Partner. He has worked for Polish and foreign companies in the energy industry and has advised administration authorities, largest energy companies and regulatory authorities during the largest projects related to privatization and restructuring of the energy sector. During 2003-2004, he was the co-author of the National Emission Reduction Plan. As Director for Contracts at Vertis Environmental Finance Poland Sp. z o.o., he was in charge of the energy sector and developed the market of emission allowance trading in Europe. Earlier, as Director for the Energy Sector and Director for Strategy and Growth at Elektrim S.A., he was responsible, among others, for the organization of financing and construction of the Pątnów II power plant as well as for the implementation of restructuring processes in Elektrim Group companies and management of the portfolio of energy assets. During his employment at Arthur Andersen Polska Sp. z o.o. he handled the energy sector and coordinated projects in this area. He also provided consulting services to foreign investors and to the Minister of the State Treasury during privatization processes of companies from the energy sector. He also advised many companies related to the energy industry in the scope of, for example, the organization of electricity trading, restructuring, strategy and operating activity praxis in the energy sector. Furthermore, he cooperated with New York State Electric & Gas Corporation and with Regulators in the United States as well as with Westinghouse and Apache Corp.

A graduate of the Electrical Engineering Faculty of the Warsaw University of Technology and leading European schools of economics: London Business School, HEC in Paris and the Norwegian School of Economics and Business Administration (MBA). He is fluent in two foreign languages.

Grzegorz Krystek is 40 years old. His hobbies include diving, yachting and skiing. Married, with three children.
